Dear Medicaid Medical and Pharmacy Providers:

The Department of Medical Assistance Services will be conducting a series of seminars in four locations across the state. These sessions are focusing on the significant changes in the current Pharmacy programs for medical and pharmacy providers and their staff. This is one of the many training sessions that the Department of Medical Assistance Services offers throughout the year. These programs affect the medical prescribers as well as the pharmacist. Each training session will focus on:

- Preferred Drug List
- Threshold - Polypharmacy
- Prospective Drug Utilization Review
- Generic Program Enhancements and the Maximum Allowable Cost (MAC)
- Over the Counter Drugs

You will find a list of the sites, along with dates, times, directions and a registration form attached. Please mail **or** fax your registration as designated on the registration form. The completed registration form must be received in our office **five (5)** business days prior to the scheduled session. **You will be contacted only if we are unable to accommodate your registration request.** It will **not** be possible to accept seminar registrations by phone.

If you require accommodations due to a physical handicap, please contact the Department of Medical Assistance Services at least two weeks prior to the seminar at (804) 786-1428. Reasonable accommodations will be provided upon request.

We look forward to your participation in our Medicaid Seminar. If you have any questions regarding these sessions, please call (804) 786-1428.

Sincerely,

Deborah R. Correll, RN, MSA
